The reporting tools track data and referrals. At this time they have 200+ partners and 280+ Programs. The request form can be assistance based or a self referral. The referral goes to a Coordination Center that reviews and sends on to appropriate organizations.

Statewide the top network needs and 70% substance use, Individual and Family Support 11% and Mental and Behavioral Health 10%.

Client privacy is a priority and they are HIPPA compliant.
