

Cruise Past Fishing Towns and Majestic Fjords Aboard Royal Caribbean International to Alaska for Seven Nights in a Veranda Stateroom for Two

Estimated Value \$Priceless

Drink in the splendor of the seas as you make your way along the Alaskan coast, in and out of passages, past fjords, and miles and miles of wilderness. From the breathtaking sights of Hubbard Glacier to the pioneering spirit of Juneau, the gold-rush spirit of Skagway and the totem poles of Ketchikan, Royal Caribbean's Alaska is as rustic and romantic as one could ever imagine. And with ports such as Seattle and Victoria, British Columbia, Royal Caribbean showcases the quintessential character of the Pacific Northwest.

When you cruise with Royal Caribbean International, you're not just boarding another cruise ship - you're entering a sensational world of bold discoveries, customized adventures, multi-cultural exploration, dazzling entertainment, incredible culinary creations, and uniquely personalized service. There's a reason Royal Caribbean International has been recognized as the Best Cruise Line Overall and the Best Cruise Line in the Caribbean by Travel Weekly readers for 14 years. No matter where you are - the pool, the dining room, the spa or your room - get ready to be wowed!

Quaint fishing villages and cosmopolitan cities combine for a unique glimpse into Alaska's character and culture. View the most dramatic Alaskan glaciers at the end of the narrow, twisting slice of ocean called Tracy Arm Fjord. The fever of the gold rush took over Skagway years ago, and still embracing its past, today the city has managed to preserve its frontier spirit with saloons and dance-hall venues. Ketchikan is known for a few things as well: being the jumping-off point for seaplane excursions into the Misty Fjords National Monument and its 2.2 million acres of wilderness nirvana, as well as being the ancestral home of the Tlingit tribe. You will make your way past Hubbard Glacier, nicknamed the "Gallop-ing Glacier" because of its fast pace - faster than almost any other glacier on the continent. In 1986, Hubbard Glacier moved an average of just under 5.5 feet per hour. From the pristine forests and the majestic mountains of the United States, to the unspoiled Alaskan wilderness, this is sure to be an unforgettable cruise.
